This MUD grey plastic vent panel sits horizontally in the back of the Defender dashboard. Over the years this fragile panel traditionally gets a million things screwed into it so is always high on the shopping list for any restoration project but is no longer available to buy from Land Rover. The colour and texture of the original panel have been accurately replicated but manufactured in a thicker grade material for greater durability.

Castrol Classic Pump Oil Cans

DA3926

Classic Pump Oil Cans

The classic Castrol oil applicator. Pump action screw top cans, supplied with interchangeable fixed and flexible applicators. With printed 1946 logo on one side. These period style oil cans are great for lubricating hard to reach places.
