

### Defender Carpet Kits

DA4918

**DA4918**  
Defender 110 - 10-Seat Station Wagon with inward-facing seats  
For vehicles with square arches  
**Rear Kit** - Wheel arches & floor

**DA4922**  
Defender 110 - Station Wagon  
**2nd Row Kit** - Floor carpet & forward facing rear pieces

Once installed, these easy to fit, hard wearing carpet kits will transform your Defender's interior. The black 5mm woven pile carpet is manufactured with a hardback which ensures it holds its shape for years to come. All holes are pre-cut for a precision fit. No glue is required and with only strips of double-sided tape (supplied where applicable), fitment is quick and easy with no mess. The carpet also has the added advantage of improving soundproofing within the cabin. When applicable, floor mats have a reinforced edged for a smart, hard-wearing finish.

**Note** - The carpet kit will not fit over rubber moulded mat sets. As a general rule, our carpet will however, fit over sound proofing kits such as Dynamat. Why not Dynamat your vehicle at the same time as fitting this kit. See our extensive range of kits - [www.britpart.com/dynamat](http://www.britpart.com/dynamat)

### Silicone Sealant

**DA6707**  
**Loctite SI 5660 Silicone Sealant**  
40ml

Silicone Sealant - excellent adhesive strength. Ideal for applications involving large gaps. Label-free. Excellent resistance against water/ glycol.

Loctite® SI 5660 is a silicone sealant and cures on exposure to moisture in the air to form a tough rubber gasket. The nature of Loctite SI 5660 reduces the migration of liquid product after application to the part. It has been designed especially for gasketing applications where good resistance against oils and coolants is required. Typical applications include transmissions and cast metal housings. The product has leading health and safety features.

- > Flange sealant for flexible flanges
- > Oil resistant
- > Grey colour
- > Excellent glycol resistance
- > Leading in health & safety features

### Safety Devices Roof Rack

**DA3565**

#### Roof Rack Assembly

Defender 110 - 2020 onwards

Roof rack assembly complete with wind deflector bib. Requires the installation of roof rails (VPLER0177) to allow fitment. No modification to the vehicle is required and the rack does not obscure the rear-view camera. Top of rack is 125mm above roof skin, measured directly behind the rear-view camera. Provides clearance for the panoramic sunroof to both tilt and open fully. The roof rack is compatible with the access ladder and accessory rack.

### Safety Devices Accessory Rack

**DA3568**

#### Multi-purpose Accessory Mount

Defender 90 / 110 / 130 - 2020 onwards

Multi-purpose accessory mount that can be fitted to either side of the vehicle. It can be installed standalone or in conjunction with the Safety Devices Roof Rack Assembly. Features mounting rails along upper and lower sides along with 4 x tie down points. Requires drilling of the trim panels below the rear window to allow installation into the existing body mounts beneath.

### Steering Column & Ignition Lock

**STC981LUCAS**

#### Lucas Classic Steering Column & Ignition Lock

Discovery 1 - up to LA081991

### Drip Tray

**DA1928**

#### Large Plastic Drip Tray

Low profile tray (19mm deep), that easily slides under the vehicle to protect the floor against oil and fluid drips, ideal for use under any vehicle that is stood for long periods.

Manufactured from oil and fuel resistant plastic with a corner spout for ease of emptying.

A simple solution for keeping floors clean during oil changes and minimising slip hazards.  
Tray size - 609 x 457 x 19mm

### Britpart Service Kit With Oil

**DA2722COM**

#### Britpart kit with 5W 30 oil

Defender - 2007 - 2016 - 2.2 - with DPF - DA444247 onwards

- 1 x LR104384 Oil filter
  - 1 x WJ1500040 Fuel filter
  - 1 x PHE500060 Air filter
  - 1 x 1013938 Oil drain plug inc. rubber seal
- Image for illustration only

**JUNE 2024**

The quality parts for Land Rovers

## 5-Pin Turbocharger Actuator Connector Kit

**LR020663WIRE**

### 5-Pin Turbocharger Actuator Connector Kit

Defender - 2007 - 2016 - 2.4 engine  
A replacement 5-pin connector, with wire tails, suitable for use as a replacement to the turbocharger actuator connector as fitted to diesel engines using a Garrett Hella turbo. Fitted to a wide range of vehicles, including; Jaguar Land Rover

- > 5-Pin connectors.
- > Wire Size: 0.75mm<sup>2</sup>.
- > Harness cable length: 150mm.

## Brembo Braking

### Brembo Lightweight Brake Discs

**LR187240G**

Front / Single  
Defender - 2020 onwards  
349mm

### Brembo Brake Discs

**LR001018BR**

Rear / Pair  
Freelander 2

**LR018026BR**

Rear / Pair  
Defender - 2007 - 2016

**LR072016BR**

Rear / Pair  
Range Rover Evoque - 2012 - 2018

## Solvent Cleaner

**DA3953**

### Workshop Pro Solvent Cleaner

400ml

A powerful residue-free solvent degreaser and brake cleaner. A complex mixture of hydrocarbon and oxygenated solvents designed to clean and degrease all flat and irregular surfaces. Workshop Pro Solvent Cleaner is free from chlorinated and other ozone depleting solvents and is provided in aerosol form to provide an easy means of applying to surfaces, the powerful jet allowing easy purging of blind holes and crevices. After degreasing, the solvent evaporates rapidly leaving components chemically clean and free from oily and corrosive residues. The low temperature resulting from rapid evaporation may, in some instances, be used for shrink-fitting of small mechanical parts.

#### Features

- > Excellent degreasing properties
- > Rapid removal of dirt and debris
- > Chlorine free

#### Applications

Particularly designed to remove all dirt and deposits from brake shoes and to evaporate leaving behind no residues. Also recommended for general degreasing applications in a workshop environment.

**Note:** Due to the flammability of the product Solvent Cleaner is not recommended for use on electrical equipment, particularly where "sparking"

## Oil Filler Cap

**625038**

### Rocker Cover Oil Filler Cap

2.5 4cyl Petrol & V8 engines  
Defender - 1987 - 2006  
Discovery 1  
Range Rover Classic - 1986 - 1994

## MEG Anti-freeze & Radiator Coolant

**DA3952** 1 litre  
**DA3951** 5 litres

MEG Anti-freeze will protect engines from frost damage right down to -40°C, whilst providing outstanding protection against rust and corrosion for all parts of the cooling system. This monoethylene glycol (MEG) based antifreeze meets

the technical requirements of BS6580:2010 and is recommended for all year round use.

#### Features

- > Does not allow rust or corrosion to take place with cast iron, aluminium, copper alloys, solder, or any other metals found in the engine cooling system and therefore prolongs the life of the block, cylinder liners, radiator, pump and heater system.
- > Does not form sediment, precipitate additives or form gels.
- > No adverse effects on rubber hoses or gasket materials and will not cause leaks.
- > Last for up to two years in service, when a 50% solution is maintained.  
Does not form harmful foam inside the system. Compatible with all good quality ethylene glycol antifreezes of this type.
- > Nitrite, amine and phosphate (NAP) free.
- > Includes borate and silicate.

#### Applications

Suitable for most engine cooling systems found in cars, vans, trucks, agricultural equipment and contractor's plant.

**Note -** Always check the manufacturer's handbook or seek technical advice in case an alternative antifreeze type is required.

#### Performance

Exceeds the requirements of many European and International Standards including: ASTM D3306, SAE J 1034, BS 6580 (2010).
