500g Tube  
 Hylomar Exhaust Assembly Paste is a water based, heat curing product. It has been specifically designed for use with exhaust systems for automotive and other general applications. The exhaust paste formulation will withstand both pressure and temperatures typically found in vehicle exhaust systems. Hylomar Exhaust Assembly Paste lubricates joints to make assembly easier and faster.

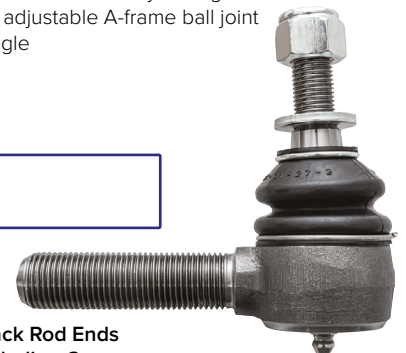

- > Water based
- > Heat curing
- > Specifically designed for use in the assembly of exhaust systems for automotive and other general applications
- > Asbestos free
- > Withstand high temperature and pressure

### Timing Kits & Tools for Ingenium AJ200D

**DA7593**  
Rear Crankshaft Oil Seal Fitting Tool for AJ200 Engines

Designed to allow damage-free fitting of the rear main crankshaft oil seal on the AJ200 Ingenium engine. When performing major engine rebuild work on any engine it is easy to damage the rear main seal if it is not aligned and guided into place with care. This kit provides a simple and effective solution to ensure correct alignment and fitting. Equivalent to OEM JLR 303-1674. Made in Sheffield.

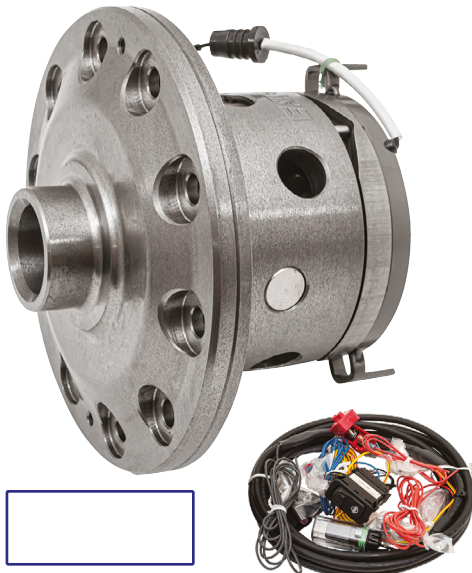

**DA7360**  
Front Crankshaft Oil Seal Fitting Tool for AJ200 Engines

Designed to engage with the front bayonet style crankshaft oil seal and allow the user to remove and fit the seal. Specifically used on AJ200 Ingenium engine. Fitted with 1/2"D drive. Equivalent to OEM JLR-303-1628. Made in Sheffield.

### Eaton E-Locker Differential

**DA3696**

**Defender Multi-Tool**

Featuring 11 practical tools  
Red steel credit card sized multi-tool crafted into the classic Defender silhouette. Featuring 11 practical tools. Including: bottle opener and tyre gauge.

### Side Window & Windscreen Demister Kit

**DA3744**

**Side Window & Windscreen Demister Kit**  
**Defender**

The Defender Demister is an amazing product that fits most Defenders, wide vent versions from approximately 1983 onwards.

Fitted in about 30 seconds using a couple of screws, no drilling or complicated processes. All you need to fit them is a screwdriver!

It works by controlling the existing air flow, distributing it to the areas that need it most... your front and side windows.

Safety for both yourself and anybody travelling in your vehicle is the most important consideration for any driver. The Defender Demister ensures that both side windows are mist and condensation free thus ensuring visibility even in the worst weather conditions.
